

CCSD Curriculum and Professional Development Center Parking Information

3950 Pecos-McLeod Interconnect, Las Vegas, NV

In addition to meeting and conference rooms with a total capacity of over 200 people, the CCSD Curriculum and Professional Development Center holds offices for over 140 employees in the Curriculum and Professional Development Division, the English Language Learner Division, and the Career and Technical Education Department.

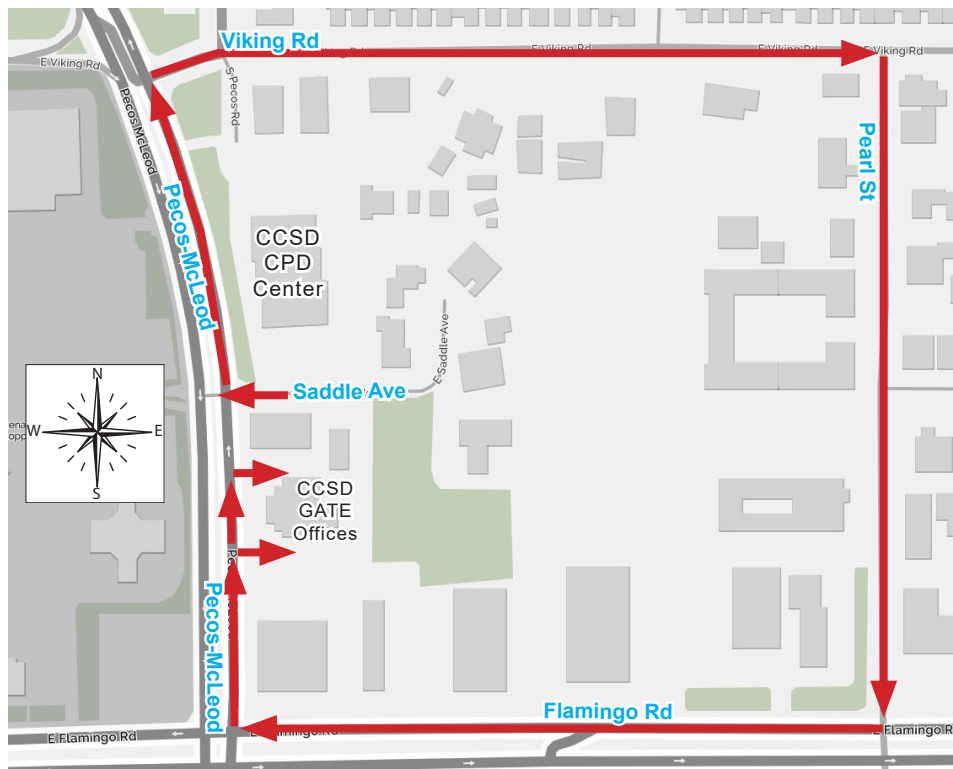

Due to the large number of employees and visitors, it can often be difficult to find a non-reserved parking space at the Curriculum and Professional Development Center. Overflow parking is available at the nearby CCSD building housing the GATE offices at 4040 Pecos-McLeod, as shown on the map below and to the right.

The reserved parking spaces at both CCSD properties are assigned to specific administrators. Visitors should not park in these spaces for any amount of time.

Nearby street parking may be available, but visitors should not park in marked fire zones or any areas with "No Parking" signs. The properties immediately adjacent to the north and south of the Curriculum and Professional Development Center parking lot are not CCSD properties, and visitors who park on either of these properties are likely to be towed.

No Parking Available at the Curriculum and Professional Development Center?

Here is the Safest and Easiest Route to the Overflow Parking Area

CPD Center Visitor Parking Map

Green areas indicate CCSD visitor parking.

Red areas indicate non-CCSD property tow-away zones.

Please do not park in any CCSD space labeled as reserved.
